(Source: Office of National Statistics, 2010)

TASK 1: Read through the statistics on different religions in the UK and create a bar graph which shows the amount of people who support each religion. (5 marks)

Your bar graph should include:

- A title
- Different religions along the bottom
- Number of religions along the side

TASK 2: Using the same statistics on different religions in the UK answer the following questions in full sentences.

1. Which religion is most popular in the UK? (1 mark)

2. Which is the 2nd most popular religion in the UK? (1 mark)

3. Are the religions that are included in the statistics the only religions people follow in the UK? (2 marks)

4. Based on the statistics, is the UK a country with many different religions?

a) Think of argument that are both FOR and AGAINST. (2 marks)

FOR	AGAINST

b) Now explain what you think giving a different example. (2 marks)

Personally, I think that...
